Camp Foley

**Fun Summers
Start Here!**

Just imagine...

Picture yourself sitting with your friends, new and old, around a campfire roasting marshmallows and telling stories. Picture yourself catching the perfect wind as you sail your 420 for the first time. Picture yourself feeling a great sense of accomplishment as 140 other campers applaud, cheer and recognize you and your achievements. Just picture yourself as a camper at Foley and imagine all the fun, friendships and memories that can be created!

Camp According to the Campers

"My very first year I was afraid of what kind of time I was going to have. I got here and the first thing they did was greet me, introduce me to my counselors, let me meet my cabin mates and help us bond." (boy - age 14, Minnesota)

"Every year I learn a little, or a lot, more than I knew the year before. Foley teaches us how to get along with others, how we are all able to meet new people out of camp and here at camp. The wonderful counselors teach us how to sail, shoot, run, play, swish, aim, throw and grow together." (girl - age 16, Minnesota)

"Camp is a place where I can still keep in touch with everything at home but experience something those at home cannot; including meeting new friends and doing activities. At the activities you can try your hardest and feel the feeling of accomplishing something by receiving awards." (girl - age 15, Nebraska)

"Camp Foley means a welcoming place each and every summer. Foley is a place where dreams are dreamt, goals are set and fulfilled, and lasting friendships and memories are made. It is a place where friends are made from all over the country, and the world. Where age, race, gender, and religion do not matter." (girl - age 13, Iowa)

Why Should I Go To

Archery at Foley is fun!

To make new friends

Where else can you make so many new friends in such a short period of time? Making friends is one of the easiest things to do at camp. You are constantly surrounded by other kids, who want to do the same things and have just as much fun as you do! It is awesome to have a great friend to stay up late with, to hang out with, and to share great Foley memories with!

To enjoy a variety of activities

Where else can you find a place that can take you from the rifle range to the lake for swimming in a matter of minutes? There is so much to do at Foley and the choice is all yours! You are able to design your own activity schedule and do what you want to do! Have you ever looked a Red-tailed Hawk in the eye? Choose nature! Have you ever trimmed a mainsheet? Choose sailing! Have you ever shot a bull's-eye? Choose archery! Have you ever camped out over night? Choose a tripping adventure! There is no way that you can get bored because there are so many new things to try!

To be independent

Where else can you go and be independent of Mom or Dad? You make your own bed, choose your own activities and decide what to do during your free time. At Foley, you are encouraged to think for yourself and make your own decisions. Your counselors are always around giving you options, suggestions or a pat on the back.

Try some skiing!

To feel good about myself

Where else can you feel so confident in your abilities and so good about yourself? Camp is a special place where positive qualities and attitudes are constantly stressed. Our counselors are the cheerleaders as you take risks, set goals for yourself, and try new activities and challenges.

To develop courage to try new things

Where else can you have the opportunity to try so many new and different things and have so many people encouraging you? At camp, there is no reason not to try something new! As the popular saying goes... Just Do It!

To be a part of a special community

Where else can you be an active member of a community filled with kids? It is a special community because things are done with you, the camper, in mind! It is a place to be silly, to have loads of fun, and to laugh often. It is a place where you are an important member of your smaller cabin group as well as the entire camp community. You make a difference in the lives of those at camp and help make it a positive camping experience for every other camper present, including the staff! WOW!

Foley Counselors Are Great!

Besides the various activities, the peaceful atmosphere, and the abundance of fun and laughter, camp is full of counselors! These are not ordinary people. No, these are young adults prepared and willing to give their best to your child. They have gigantic hearts. They know that safety and good health are very important. They work very hard. They have to play, and play some more. They need to be ready to sing, smile and laugh out loud! They also need to listen, comfort, and encourage. They put campers' needs first. They know that quality instruction is important. They know that campers look to them to be leaders and friends. They have a tough job. A counselor assumes the parent role when your child arrives to Foley. Counselors are indeed special.

Our counselors have completed a detailed application including personal and work references and a personal interview before careful consideration is given to their being hired. Before the campers arrive, our counselors complete eleven days of pre-camp training to prepare them even more for your child. In addition to all this, each counselor must also pass an evaluation based upon Marie and Jeff, the camp directors and parents of four children, being able to say "yes" to the question, "Would we want this individual caring for our own child?"

Two counselors during our carnival.

What else should you know about our counselors?

A Camp Foley counselor is:

- Caring
- Kid orientated
- Enthusiastic
- Talented
- A positive role model
- Fun
- Safety orientated
- At least 18 years of age
- Energetic
- Respects all walks of life and all ages
- Flexible
- Patient
- Professional

Camp Foley counselor facts include:

- 1 to 4 counselor to camper ratio
- Majority are college age individuals
- Over 60% are past campers or past staff
- Are from throughout the United States and several foreign countries
- Over 70% are certified in CPR and First Aid
- Over 60% are certified in Lifeguard Training
- Majority have had child related work and/or volunteer experiences
- Many are going into the field of Education

"As best we could tell, the counselors are all serious about their work but also fun loving and very intent on providing a life long memory for the campers. Camp Foley was a fun, positive, and rewarding experience for both of my children. They had a chance to gain a bit of experience by being away from home while at the same time enhancing their life experiences." Mother of two 1st Year Campers - Minnesota

Foley Receives ACA Accreditation Again

The American Camping Association (ACA) announced this past summer that Camp Foley has received ACA Accredited Camp status for the 1998 season.

"An independent evaluation by camp experts is very important," emphasized Dr. Margery Scanlin, Director of ACA's Standards program. "By being ACA accredited, Camp Foley demonstrates that they care about their campers and comply with the highest quality standards designed specifically for camps."

"Parents expect their children to attend accredited schools. They also deserve a camp experience that is reviewed and accredited by an expert, independent organization," stated Scanlin.

"ACA accreditation is very important to our camp," said Marie Schmid, Director. "While the program is strictly voluntary, we owe it to our campers and parents to have the best operation that we possibly can. ACA Accreditation demonstrates our commitment to quality camp programming." The American Camping Association is the only independent accrediting organization reviewing camp operations in the country. Their nationally recognized standards program focuses primarily on the program quality and health and safety aspects of a camp's operation. The standards are continually reviewed, refined and updated. The accreditation process is quite comprehensive and thorough. At least once every three years, two or more trained camp professionals, not affiliated with the camp seeking accreditation, review the camp's operations and procedures while the camp is in session. Currently, ACA accreditation is held by only 25 percent of day and resident camps.

The American Camping Association, founded in 1910, is a 5,000-member non-profit organization committed to the continuing values and benefits the camp experience offers. Its membership encompasses all segments of the camp movement including non-profit, independent operations, religiously affiliated organizations and public/municipal agencies.

Fun and friends is what camp is all about.

Getting to Foley is Easy!

Our campers arrive to Foley by car or charter buses departing from the Minneapolis/St. Paul airport and from Edina, MN. The majority of our campers take the bus which is beneficial to first time campers. Camp counselors on the bus introduce them to campers their own age, sing camp songs and answer questions. It is a lot easier for a parent to say good-bye waving as the bus pulls away or as the child boards the plane. If flying, Foley counselors will meet your child at the gate upon arrival and have your child call home to reassure you that he or she has arrived safely.

When the buses arrive at Foley, the entire camp community gathers to greet the campers as they disembark. They immediately meet their cabin mates and with the help of their counselors are able to settle into their cabins quickly. Foley counselors will assist younger campers with their luggage, unpacking, and making up their beds.

If arriving by car, plan your arrival between 1:00 and 2:00 p.m. A Foley welcome includes meeting counselors, walking to the camper's cabin and touring the facility. We encourage parents that would like to see camp to pick their camper up at the end of the session. By doing this, the camper, who now has the sense of camp 'ownership', is a wonderful tour guide full of camp tales as you meet counselors, see the activity areas and wander into the cabins.

Parent Comments

"My husband and I are very pleased with [our son's] 2 week experience at Camp Foley. The two letters and postcards that we received while [our son] was at camp were full of details about positive experiences. He felt good about having made new friends in his cabin and otherwise. He liked his cabin counselors very much. He liked the food - said it was "awesome"! He even sang some camp songs for us which was a pleasant surprise! The whole camp experience was a growing time for [our son] in which he learned how to thrive in a new environment without the presence of his family. Thank you very much for your thoughtful agendas and for providing such a great experience for our son! We feel fortunate to have found such a well-rounded, professionally run and organized camp." Mother of 1st Year Camper - Arizona

"[Our son] commented that since being there he felt more independent. Just what I'd like to hear from a camp experience." Mother of 1st Year Camper - Minnesota

"When he left home, he had some doubts about going alone without a friend, but he soon wrote us that he had made friends with everyone in his cabin, that he loved it and that he wanted to return next year. He liked the activities, particularly the water sports, the overnight trip to Lake Superior, and the bicycling. He thought the food was great. You are to be congratulated for providing such a wonderful camping opportunity to kids this age." Mother of 1st Year Camper - Missouri

Camp Foley?

Camp friends are great.

To be me

Where else can you go that would let you be just who you wanted to be? At Foley, you are encouraged to be the best that you can be! You are encouraged

To have fun!

Last but not least... where else can you go to have so much non-stop fun? Camp is fun and Foley campers create fun! Fun is being silly with a friend. Fun is whispering late into the night on a sleepover. Fun is having you at camp this summer!

to develop the unique qualities that make you...you.

Sample Activity Sign-Up

At Camp Foley, you are able to choose your own activities! As opposed to some camps where a schedule is created for the entire cabin, Foley campers create their own individual schedule. Check out a sample of the activity offerings that happened in just one of the three day sign-ups last summer! Did you know that you can choose a new schedule every three days? You can try new activities or take your favorites over again. Each three-day sign-up changes somewhat to offer variety and make camp fun. Check out everything you can do!

Campers are divided into two groups by age for some activities and for evening programs. Campers age twelve and under are in the group of Coyotes while campers age thirteen and over or going into the 8th grade in the fall, are known as Wolves. The Wolves have an additional 6th Activity Period after supper while the Coyotes begin their fun evening program.

Camp Foley Kids Only!

What Makes Camp Rock?

Have you ever thought about what kids do all day at a summer camp? There is no t.v., no Sega, and no computer access! Why do kids go to camp? Just what happens at camp? One Foley camper was overheard telling his grandma that he felt like there were 400 hours in a day at camp because he 'got to do SO MUCH STUFF! Many of our campers have contacted us when they have returned home from Foley and complained because they are so bored - "There is nothing to do!". Take a minute and think of all the possibilities at camp and all of the things you can learn, develop, create, discover, and encounter. Wow!

Learning to sail is fun.

Camp friends are the best!

Camp According to the Campers

"Everyone unique. Everyone different. Everyone special. At Foley nobody cares how you look, act or talk. No one gets excluded or left alone. To me camp is a symbol of happiness. It fills the final spot in your heart that helps you grow up. Be it small skits or huge dances, Foley teaches me to respect every part of life. Each year I look forward to the campfires, food, and love." (girl - age 15, Minnesota)

"Camp Foley is a place that gives you the opportunity to have loads of fun. It's the best camp because you not only get to pick your activities, all the staff are really awesome people that are out there all the time for you saying: 'Hey, don't worry man, it's OK. Have fun.' So, that's what we do. Have fun!" (boy - age 14, Mexico)

"Camp Foley means a welcoming place each and every summer. Foley is a place where dreams are dreamt, goals are set and fulfilled, and lasting friendships and memories are made. It is a place where friends are made from all over the country, and the world. Where age, race, gender, and religion do not matter." (girl - age 13, Iowa)

"I enjoyed Camp Foley thoroughly. I got to try new things and the instructors were nice. Since I was from Louisiana I had no idea what a sauna was or that it even existed! I also enjoyed the weather. My counselors were the best." (girl - age 10, Louisiana)

Kids Ask

What's the best thing of all at camp?

This is a very common question with a very uncommon answer. When we ask our campers that question, the answer ranges anywhere from sailing to friendships to camping trips. The answer depends on you. What do you like to do best? Perhaps you have an excellent eye at the rifle range. Perhaps you love the feel of wind and water rushing past as you slalom behind a ski boat. Perhaps you just enjoy hanging out with your cabin mates. Whatever it is, we are sure it will put a smile on your face and create a lasting memory.

Try your hand at archery.

At camp, what will I do all day?

Of course your day will be filled with a lot of fun and games, but there is so much more! Activities like those listed to the side could all be a part of your daily schedule! There are also specially planned programs in the evening such as playing capture-the-flag with the entire camp community or roasting marshmallows with your cabin group over an open campfire. Other special theme events and activities will fill your days and keep you busy!

Who will help me have fun at camp? How do they know how to care for me?

Our counselors are individuals, age 18 and older, from around the world. They have been chosen especially to work at Foley because of a special quality they have - they enjoy working with kids. Our counselors come 11 days before our first campers arrive for a special training for camp counselors only. During this training time, the counselors not only play games and sing songs; they also work hard at getting ready for you. They want to help you experience new things and to have the best time ever!

Do I get to choose what I want to do at camp?

The answer is simple... Yes! You are able to create your own schedules. Depending on your age, you are able to choose five or six activities for a three-day schedule. At the end of the three-day schedule, you can choose all new activities or stick with the same activities to improve your skill.

Create works of art.

Summer Camp—An Investment in Your Child's Future

In today's world, children are continually bombarded by several external influences that can affect their self-esteem. Whether it be at school, work, or on the playground, children are influenced in many different ways affecting them either positively or negatively. As a parent, you have the chance to help your child find a place where he or she can get that positive experience.

In a survey conducted by the American Camping Association, 76 percent of the parents polled view themselves as a vital influence on their child's self-esteem. Nearly half of those surveyed feel their children's self-esteem needs improvement and they cite youth leaders, including camp staff, as those who can affect a child's self-esteem. Over 75 percent of the parents polled agreed with what has already been proven by researchers that a child's early years are the most important to his or her development and that the child's environment is the most important factor in forming his or her personality. According to Dr. Michael Popkin, a child and family therapist, president of Active Parenting Publishers, and spokesperson for the ACA survey, "That's why parents should seek out activities like camp, which can give their children more exposure to

an environment that encourages them to learn, to belong, and to grow, the building blocks to self-esteem." Nearly a third of the parents agreed with Dr. Popkin by saying that camp did indeed improve a child's self-esteem.

Camp offers children the chance to be themselves without any of the external pressures so often experienced in every day life. It allows the child to learn how to be independent and how to make decisions. Camp is a place where the child will grow and have new experiences. It is a place where positive self-esteem is not a question—it's the answer.

*"I think the main focus I perceive from [our son's] camping experience is an overall feeling of specialness, raised self confidence in accomplishing the feat of being on 'his own' for 2 weeks, and raised self esteem is fantastic for young kids especially in this day and age. I am overwhelmed with good positive thoughts about Camp Foley and all it has to offer. I applaud your efforts in this wonderful place for young people."
Mother of 1st Year Foley Camper – St. Cloud, Minnesota*

"We appreciate your efforts and dedication and those of the counselors. I know [our son] has benefited emotionally and physically from Camp Foley. In the future, I hope he will have the opportunity to do the same for other kids." Mother of 5th Year Foley Camper – Lake Forest, Illinois

A Very Special Place

*There's a place in the woods of Minnesota,
Nothing like it can be found.
They say miracles can happen there,
So that's where I am bound.
You can shoot a bow and arrow.
Take a dip in the lake.
Take a hike or ride a bike.
There are things that you can make.
Sail a boat.
Hear a loon.
Make a friend.
You'll have the kind of day
You wish would never, never end.
There is hope,
There is joy,
And wonder too.
They give you a chance
To see what you can do.
All the love and understanding
And a smile upon the face.
For without a care in the world
Foley is your kind of place.*

For Parents and Inquisitive Campers

Fantastic Advantages of Starting Camp in June...

Enthusiasm is always breaking record highs throughout the first part of the summer. Campers are active, happy, and truly enjoying themselves. They know a secret—the first four weeks of camp are terrific!

Why start camp in June?

• Summer is beginning. Camp is a refreshing change after the demands of school. It can be a fantastic way to start a vacation. A positive experience can return a camper home with increased self-esteem, new skills, new friends, new interests and lots more.

• Staff have just completed 11 days of orientation, gaining a wide variety of skills relating to their important role as a counselor. They are more enthusiastic, energetic, and eager to work with our first groups of campers.

• June campers experience an enthusiastic, warm welcome. Nothing compares to the natural excitement of a counselor's first cabin group.

• Be the first to use camp's new equipment and enjoy camp's new programs.

• The biggest myth about June is that many feel the water will be cooler. In the past we've had beautiful spring weather that warms the water earlier. Weather in Minnesota is so unpredictable. One can't always count on August being the best month of the summer.

June and early July are indeed special. We've spent nine months planning for its beginning and we are all enthused to have camp alive with campers and their activities. There is a unique freshness in the air, buildings and grounds. The freshness continues in our staff and campers. Join this unique group and discover their secret: once a June and early July camper, always a June and early July camper!

Advantages of the Two Week Session over a One Week Session

• Campers quickly discover that two weeks is ideal for forming lifetime friendships.

• Campers can take twice as many activities. They can try all new activities every sign up or continually take the same ones to increase their skill level and achieve awards.

• Cabin groups have more time for bonding and sharing together.

• There is time to compete with other camps. Race in a regatta, participate in a soccer or tennis match, or compete in a riflery or archery tournament.

"The first thing he said when we picked him up from the bus was, 'That was great! Can I go all summer long next year?'. I'm glad there were so many interesting classes offered and it was fun to see the sailboat he made in shop and the award for best design he got." Mother of 1st Year Camper – Minnesota

• The tripping program comes to life as campers progress from day trips via canoe, bike or backpack to extended overnight trips in these areas.

• Two weeks gives our staff more time to give personal attention to each camper, increase self-esteem and form a stronger camp community.

• Campers are able to participate in more special events such as, friendship campfires, late night adventures, dances, final banquets, and closing campfires.

Advantages of a Four Week Session over a Two Week Session

• Campers receive everything listed above times two! The possibilities for greater skill development, independence gained and personal growth are increased immensely during the four week session.

• The North Shore Trip, a unique and special trip, is offered to four-week campers only!

How Do We Provide Campers with the Opportunities to Make Friends?

One of the most frequently asked questions from parents of prospective campers is, "Will my child be okay if he/she isn't coming to camp with a friend?" Yes! Every session many campers do venture to Foley on their own for many different

"He was so worried about making a friend. His first postcard said he had already made a friend and the next one said we wouldn't believe how many friends he had." Mother of 1st Year Camper – St. Paul, Minnesota

reasons. Foley will assist parents in arranging for children to meet, write, or call another camper prior to camp by providing phone numbers and addresses. Prior to opening day, careful attention is given to composing cabin groups. One important consideration is creating a

blend of campers conducive to formulating new friends. On the bus, campers are introduced to others who are of similar age and, many times, to their cabin mates. Cabin counselors personally welcome each camper upon arrival to camp and introduce them to their cabin mates. The first day is spent as a cabin unit getting acquainted and acclimated to camp life. Each cabin participates in a variety of events actively involving the entire cabin. Cabin groups work together with their counselors on conflict resolutions, utilizing a positive "cabin meeting" approach. All campers participate in an evening program that stresses respect, and acceptance and cooperation among all members of the group. Many other camp events also foster friendship building including: camp banquets, friendship campfires, autograph signing and all camp activities.

The Director

Friends for a lifetime.

What if I come without a friend? Who will be my friends?

At the end of every summer session, our campers are always commenting on the strong friendships that have been created during their stay. Some campers do come to camp with friends from home, but most new campers come without knowing anyone. This does not last long however. Upon your arrival to camp, you will meet

your counselor, cabin mates, and other

campers – instant friends! Kids come to camp to have fun and

nothing else really matters. You can be whoever you want to be at camp and always be guaranteed to have a friend at your side.

Where will I stay while I am at camp?

All of our campers and counselors live in cabins. There are two counselors and eight to twelve campers of the same age assigned to each cabin. You will have your own bunk, locker, and shelving space. Bathrooms and showers are a short walk from your cabin. They are very similar in design to a locker room. There are private bathroom stalls and private showers.

Inside a typical cabin.

Is the food any good?

Campers are always surprised after their first meal at camp – **they like the food!** After watching movies about camp, people assume that all camp food is awful – we have proven this false. Since this is considered our 'home', why would we want to eat horrible food all summer? Typical breakfast meals range from pancakes to scrambled eggs to waffles. Lunches include soups, various sandwiches, and good energizing food to get us through the day. Our dinners range from tacos to turkey and mashed potatoes to the all-time camp favorite, tator-tot hotdish! There is always a salad bar option for dinner and a vegetarian option for all meals.

Camp
Foley

Special Events in 1998!

Hawaiian Luau is planned for Final Banquet.

Get those flowered and wild printed shirts out of the closet! Grab a grass skirt, shell jewelry and colorful leis and get ready to have a grand time – Hawaiian style! Our final banquet, held at the end of every session, will find us experiencing our own Foley Hawaiian Luau. The dining hall will be magically converted to a garden paradise of palm trees and colorful lights and streamers. Both campers and staff are greatly encouraged to help add to this festive occasion by wearing bright and colorful Hawaiian-style clothing. Bring leis to wear or trade. Ask your parents if they have any Don Ho music to get you in the mood!

Fourth of July at Foley is a Blast!

The Fourth of July is always a festive time at Foley. Have you ever spent a Fourth of July at camp? Give it a try! Starting with an all-camp flag raising ceremony, the enthusiasm and excitement grows throughout the day. A special schedule of crazy contests at activities is created to add even more thrill. The day's excitement ends with the annual talent show, cabin contests, and an ice cream social. If you are going to be in camp for this awesome celebration, bring your red, white, and blue clothing and any other patriotic items you may have. Create a song, write a poem, and practice those incredible talents for our annual talent show. Come ready to have an awesome time!

Attention all Female Campers over the age of 12!

Do you want to have an experience of a lifetime? How does sailing around the Apostle Islands of beautiful Lake Superior on a private 38.5' Pearson with four other Foley friends for four days sound to you? (Sounds like a tongue twister to me!) All you have to do is register for camp during June 21st to June 25th or June 28th to July 2nd. There is an additional trip cost of \$420.00 that covers the boat charter and transportation. If you are interested in joining this awesome adventure, please contact us soon. There are only three spots remaining!

Get Ready for Slimy Thursday!

Sticky, gooey, and oozy: here it comes... the last Thursday of every session – Slimy Thursday! What is Slimy Thursday? Sit back and think of all the crazy challenges and contests that involve eggs, pudding, whip cream, shaving cream, ... That's Slimy Thursday! Greased watermelons, pudding slides, and even egg jousting will all be a part of this extremely fun and messy evening! Bring an old T-shirt and shorts so you can have tons of fun getting down and dirty!

Some fun during the Fourth of July last summer.

More info on the Grand Dance Festival

In the *October Bugle*, we mentioned that more was being added to the dance for the 1998 summer. This new and improved Grand Dance Festival will incorporate good dance tunes with a whole lot more! Think of the Grand Dance Festival as a sort of summer street dance. Instead of happening in the Wabi building, all of the events will take place outside. The tennis and volleyball courts will be open for silly games and competitions. A couple of horseshoe pits and a bocce ball area will be located between the courts and Foley Hall. Group dances will be a part of the evening along with a variety of contests ranging from Hula-Hoops to Disco moves. This night is sure to be an awesome one that will create many fun and lasting memories.

1997 in Review

On **January 1st** Camp Foley was a winter wonderland! There was snow everywhere creating a serene and peaceful setting. The laughter from campers was missing as cabins and activity areas lay buried in snow.

January 26th marked the start of our camp meetings with Jeff and Cara in Chicago. Before the travels were finished we had toured such cities as St. Louis, Minneapolis, St. Paul, Des Moines, Dubuque, Omaha, and Colorado Springs visiting with new and past campers.

We began our search for counselors in **January** and visited 17 Mid-Western colleges to select our 32 counselors. The majority of our counselors came from Minnesota, Iowa, Nebraska, and Missouri. It was the largest team of counselors in Foley history.

On **April 28th** Whitefish Lake was ice free as the first of over 500 Minnesota fifth, sixth, and seventh graders joined us for our Environmental Education Program. During their week stay, students could be found handling snakes, planting trees around camp, completing the orienteering courses, learning about ecosystems at Echo Lake, and visiting a Bald Eagle's nest.

On **April 29th** Buck, our tame deer, found a new home in a state forest. Buck was a little too rough in his play with the kids.

On **May 17th** Foley was host again for the Weekend for the Engaged Retreat. Fourteen couples spent their weekend preparing for marriage.

The students of the added fifth week of our Environmental Education Program got a real treat when they were the first group to see our Great Horned Owl, Gookooko'oo who arrived on **May 27th**. She joined Ka-Kaik, our Red-tailed Hawk who also arrived from the Raptor Center in October 1996.

On **June 7th** our summer camp staff arrived for eleven full days of training. Their days were spent in seminars, practicing emergency drills, training in activity areas, and planning for the arrival of the first campers. The Bible Camp Program was back on **June 11th** with many children staying through **June 13th** to participate in a typical camp day.

Our summer program officially began on **June 18th** when the first of over 450 campers rolled in by car and bus. Campers came from all over the United States and many different countries, such as, France, Mexico, Germany, Japan, and The Netherlands.

The excitement for the new 420's of 1996 continued as campers raced across Whitefish. The sailing program expanded again as more Club Trainers (Optis) were added. These smaller boats allowed younger campers to learn the basics of sailing in a much quicker hands-on way. It was great to see so many campers sailing on Whitefish Lake.

On any given day, you could hear the shouts and laughter coming from the lake as campers swam, dove, canoed, snorkeled, fished, boardsailed, sailed, water-skied, and playaked. Campers could be found making

friendship bracelets, clay creations, and bead jewelry at the art tables. The continuous echoes of shots from the rifle range were an indication of full and busy classes. Sounds of hammers and saws meant that campers were creating masterpieces from wood in the shop building.

Between activities, campers could be seen racing from activities to cabins and then on to the next activity! It was apparent at how well the campers were doing when the staff listed the awards achieved throughout the day. Many higher awards were attained this summer. Alli Faricy received her Gold Paddle Award while Molly Hagerman, Erica Schmid and Laura Schmid received their Silver Paddle Awards.

Evenings in camp found cabin groups making Rice Krispie treats on an open fire, going on a sleepover, or playing games. Campers played all-camp games such as Hungarian Frisbee, 3-Goal Soccer, and the ever-popular Capture-the-Flag. A campfire was the program on some of the evenings with new and old songs being sung and stories being told. Campfires are still a time for campers and staff to reflect on friendships and special times shared at camp.

A new program began this year – a continuation of our summer program – Five Days of Fun started on **August 13th**. The spirits were high as this group of very enthusiastic campers tried to fit as much activity as possible into 5 days! We also had a group of returning "campers" for our Family Camp. The Revord Family, many of whom are past campers and counselors, joined us for a fun, relaxing stay.

August 17th saw the last of the campers leave. Memories of laughter, friendships, and fun lingered through the air. Another summer had come and gone and brought with it a whirl of lasting memories. It was a great summer full of sunshine and smiles.

Also on **August 17th**, we switched gears to get ready for hosting Vocation Camp for boys first and then girls. On **August 27th** ninety 7th graders and their teachers from Breck School joined us for three days.

During the months of **October** and **November**, we were busy planning and preparing for 1998. It was a beautiful fall allowing us to continue our outside work later than usual. For the first time in 74 years, campers won't have to cross the road for water, a drinking fountain was installed right on the soccer field. Tekawitha began its remodeling process to allow for more light and better use of space.

November 23rd was the official start date of 1998 camper reunions and meetings and staff recruiting as Jeff traveled to Colorado Springs.

By **December 15**, over 200 campers were registered for camp.

December found Foley's cabins all snuggled deep in snow dreaming of campers and activities of the summer to come!

ACA Scholarship Program... 1998

"Let's remember that our children's spirits are more important than any material things. When we do, self esteem and love blossom and grow more beautifully than any bed of flowers ever could."

Jack Canfield

This saying was our theme for the 1997 summer – *The Year of the Camper's Spirit*. We spoke of this theme often during staff training week and throughout the summer. We encouraged our staff to add to each child's spirit by encouraging the positive, offering support and reassurance, and encompassing the child with attention and care. We feel this theme was accomplished every time we heard a child on departure day say "I'll see you next year!" or "This was the best year ever!" or just simply "Thank you."

Many of our campers are not as fortunate as others and are unable to come up with the necessary funds needed to attend camp year after year. This is when many other people become important in the life of a child and can make a difference to the child's spirit.

As we begin our 74th summer, many children are in need of our financial assistance to make Foley an important part of their lives. Investing in the life of a child does make a difference and we hope that you will help us with our goal in providing scholarships for children to attend Foley. These children would not otherwise be able to have the experiences that numerous other campers so fondly remember. Through the American Camping Association Camper Scholarship Program, Camp Foley is able to use your tax-deductible gift to provide youngsters with a camping experience. **Your contribution will go directly toward a child's tuition** and is not lost in administrative costs. Perhaps your place of employment has a Matching Gift Program or would be interested in our goal of increasing our scholarship program.

Your donations can honor family and friends at important occasions throughout the year—birthdays, anniversaries, achievements, acknowledging a staff member, or as expressions of sympathy. A gift to the Camp Foley Scholarship Fund is a very thoughtful expression of love.

Each year, names of donors are listed on a plaque that is displayed on the bell stand in the center of camp. It is our way of telling others that you believe that a child's spirit is important. Give yourself a great feeling knowing that you helped a child to have an unforgettable experience this summer at Camp Foley. Thank you for your continued support – you too are important in the life of a child. **Give the gift of a lifetime and keep camp memories alive...**

1997 Donors

Our warmest **thank you** to our 1997 donors. Your names will be inscribed on a yearly plaque proudly displayed on the bell stand in the center of camp. If you would like your name listed differently than printed below, please contact us.

Jack Canfield

This saying was our theme for the 1997 summer – *The Year of the Camper's Spirit*. We spoke of this theme often during staff training week and throughout the summer. We encouraged our staff to add to each child's spirit by encouraging the positive, offering support and reassurance, and encompassing the child with attention and care. We feel this theme was accomplished every time we heard a child on departure day say "I'll see you next year!" or "This was the best year ever!" or just simply "Thank you."

Many of our campers are not as fortunate as others and are unable to come up with the necessary funds needed to attend camp year after year. This is when many other people become important in the life of a child and can make a difference to the child's spirit.

As we begin our 74th summer, many children are in need of our financial assistance to make Foley an important part of their lives. Investing in the life of a child does make a difference and we hope that you will help us with our goal in providing scholarships for children to attend Foley. These children would not otherwise be able to have the experiences that numerous other campers so fondly remember. Through the American Camping Association Camper Scholarship Program, Camp Foley is able to use your tax-deductible gift to provide youngsters with a camping experience. **Your contribution will go directly toward a child's tuition** and is not lost in administrative costs. Perhaps your place of employment has a Matching Gift Program or would be interested in our goal of increasing our scholarship program.

Your donations can honor family and friends at important occasions throughout the year—birthdays, anniversaries, achievements, acknowledging a staff member, or as expressions of sympathy. A gift to the Camp Foley Scholarship Fund is a very thoughtful expression of love.

Each year, names of donors are listed on a plaque that is displayed on the bell stand in the center of camp. It is our way of telling others that you believe that a child's spirit is important. Give yourself a great feeling knowing that you helped a child to have an unforgettable experience this summer at Camp Foley. Thank you for your continued support – you too are important in the life of a child. **Give the gift of a lifetime and keep camp memories alive...**

Where do the campers come from?

It seems to be a common question when alumni visit Foley. Where are the Foley campers coming from? At the end of the 1997 season, we did a breakdown of the regions and this is what we found.

Nebraska and Missouri, two from both Wisconsin and England, and one each from Kansas, Texas, Virginia, Sweden and New Zealand.

Most of our counselors are college students. The staff from the 1997 summer attend these schools: Bemidji State University, Colorado State University, Creighton University, Dayton University, Iowa State University, Macalester College, Marquette University, Moorhead State University, Rhodes College, San Antonio College, University of Iowa, University of Minnesota – Duluth, University of Minnesota – Twin Cities, University of Northern Iowa, University of Puget Sound, University of St. Thomas, and University of Wisconsin – Eau Claire.

Do you know of someone who would make great counselors at Foley? Contact us and we will send them a staff application.

Are you surprised? Does your region even make a mark? If you would like to help us increase the number of campers from your area, please contact us! You are our most valuable resource and we would love to hear from you.

What about the counselors?

Our counselors are predominately coming to us from the mid-west however last summer we had a few staff from Southern states and even foreign countries. This past summer found Foley with the biggest team of counselors in Foley history. There were ten counselors from Minnesota, five from Iowa, three from both

Tiny Twists at Astounding Activities

Radical Riflery

Sharpshooters will be able to perfect their shooting by aiming at a diamond, heart, club or spade on old playing cards, or shooting at Steel Reactive Targets. These new contraptions which will sit on the ground offering shooters 3 bright orange targets to shoot at. When you hit one of the targets, the target spins around the center rod. Is a new form of competition brewing?

Astonishing Archery

Foley archers will be found in odd places this summer. Archery will no longer be limited to just the range. New games will take our Foley archers to the likes of the soccer field and beyond. Bow & Arrow Soccer anyone? How about playing a game of tic-tac-toe while perfecting your skill? What about candy shoots and balloon pops? Amazing!

A little basketball fun.

Beluga Boards

Saved! Not for Sale! Old boards worn out by hours of boardsailing have a new use at Foley. These boards (without sails) will be available for hours of "surf boarding" fun! Come paddle, splash, crash, balance and play! Will crazy colors transform these white boards into works of art?

Tremendous Teams Course

You may have heard of an Acid River, but have you ever truly seen one? This summer you will have that chance if you head to the Teams Course. That's right, an Acid River will flow right through the course adding an additional challenging element to the course. How will you get your entire team across? Be careful, there are only a few possibilities and one slip of your foot...yikes! It may be treacherous, but will definitely be tons of fun!

Funky Fishing

Do you choose fishing at Foley for the sport or the social aspects? Now there is a difference! Social fishing is just as it sounds, sitting on the end of the dock, cane pole in hand, hanging out with friends, and catching some rays. Serious fishing on the other hand will find campers up at the crack of dawn and off to catch fish that don't have holes in their lips from repeated catches. These serious fisherpeople will use casting reels and cool lures to bait their whoppers. Foley

supports Catch & Release; however, we also support Catch & Pose! If you do catch that whopper, we will help you catch the Kodak moment.

Amazing Athletics

Have you shot a three lately? You'll be able to at camp this summer, yep, a three-point line has been painted on the **basketball** court! What about shooting a hat trick? Challenge yourself to shoot the ball through the holes in the board for **floor hockey**. Need to perfect your spike? You'll be able to with more practice on the **volleyball** sand court. It's not a free-for-all anymore. Volleyball players will be able to master the art of bumps, sets, and spikes.

Awesome Art

Come on a journey of creativity. Let your imagination run wild! Create one-of-a-kind works of art using seeds. Try the ancient art of papier-mâché. Recycle a jar and add tissue paper to create a tiffany candle. Create a unique paperweight memento. Become a textile designer and make printed place mats! Key chain collectors here's your chance: design, produce and then use your creation! Jewelers - take beading to new dimensions!

Stupendous Shop

Design, plan, cut, drill, sand, hammer, glue, create, embellish...become a woodworker. Build a treasure box, or a watermelon "basket". Make a matched set note pad holder and pencil/crayon holder. Revive the ancient art of marionette crafting, make wind chimes, or make a jewelry/ friendship bracelet organizer. The ever popular, pine cars and sailboats for racing will be offered. Create and build beautiful fish or butterfly wind catchers.

Sailboat races at Shop.

Superb Sailing

With a fleet now totaling ten 420s and six club trainer's how can anyone not experience the thrill of sailing at Foley? Scheduling changes maximizing optimum winds and creative drills will enhance this program.

Sail your own club trainer.

Colossal Camping

Pack your camping gear and join your peers on some exciting trips. Paddle down the Crow Wing River or across Whitefish Lake to Teepee Island. Weight down your backpack and venture to secluded lakes tucked in Minnesota forests. Ride a bike on old logging or snowmobile trails to beautiful lake settings. Foley trippers will discover the art of cooking out-of-doors with cuisine to fill and appease the active adventurer. New trails! New menus!

Smashing Sleepovers

A "smashing" good time is scheduled for all cabin groups. Not two as in '97, but three sites are available for cabin groups to roll out their sleeping bags in tents or a new teepee. Cabin groups will be prescheduled before arrival with a rain date option. The famous s'more will return, but have you tried a kabob of marshmallow and pineapple?

SNL at CF

Saturday Night Live hits Camp Foley full force this summer. Instead of Chris Rock and the infamous SNL cheerleaders supplying the talent and excitement, Foley campers and staff will create their own unique skits, songs, and tricks. With a new Karaoke machine and the amazing talent found in our Foley campers, the possibilities are endless for a crazy Saturday night full of fun and laughter. Practice those awesome talents, quirky tricks, and funny skits. The show must go on rain or shine, with the entire camp participating, it will be a night to remember!

Hall of Fame Campers

We wanted to give special recognition to those campers who have been coming to Foley summer after summer so we created three award groups for these special campers. The Hall of Fame, The Bridge Crossing, and The Stepping Stones. Last year was the first year for the Foley Hall of Fame and it was a great success. Five campers and staff were inducted into the Hall of Fame while 22 campers and staff became members of the Bridge Crossing group while even more campers and staff became members of the Stepping Stones group.

To be inducted into the Stepping Stones, you need to have spent three summers at Foley while a member of the Bridge Crossing Group has spent five summers at Foley. In order to be a member of the Foley Hall of Fame, a person needs to have spent 10 summers at Foley. A person doesn't necessarily have to have spent all those summers as a camper of Foley. He or she can have a combination of camper, CIT, Junior Counselor, and Senior Counselor years at Foley.

What do you have to do to be in these prestigious groups? As a member of the Stepping Stones all you need is to have been at Foley for three summers. That's it. You are automatically a member! In order to join the Bridge Crossing however, you need to do some work. If you have been at camp for at least five years, you need to write an essay of at least 500 words of "What Camp Foley Means to Me". A Hall of Fame member needs to do even more work. A biography sheet needs to be completed and a few short questions need to be answered. Inductees into these groups will be recognized at a special time during each session. These campers are ready to return to Foley in 1998 and will be eligible to become a member of the Bridge Crossing Group: **Erin Bresnahan, Maggie Enz, Melisa Girgen, Greta Goerss, Carolyn McGarvey, Sarah Rauenhorst, Sean Scallen, and Sarah Schmitz.**

Kristi Pflanz will be the only camper eligible for the Foley Hall of Fame!

Congratulations everyone! Your name could be here too! Sign up for summer today!

Foley Safety & Endurance Swim Test

Splash! On arrival day campers will discover changes in the swim test. What is required to pass? A camper must properly put on his or her lifejacket, jump into deep water and comfortably swim 25 yards. After removing his or her lifejacket, the camper must jump into deep water, tread water for 5 minutes, and confidently swim approximately 50 yards using either the front crawl or breaststroke.

Endurance and confidence of swimming in the lake are key factors in all aspects of the test.

When a camper passes the Foley Safety and Endurance Swim Test, he or she will be able to participate in boardsailing, diving, snorkeling, and waterskiing. If a camper does not pass the Test, he or she will be placed in the appropriate swim level class or into a swimming endurance building class.

Counselors for 1998

We welcome our first of thirty-two counselors! All of the following have Foley experience!

Al Hofstede comes back to camp in a different role this year. After four years of being a Foley camper, he is excited to share his experiences with our campers as a junior counselor. Al will live with the younger boys and instruct in tennis and archery.

Chris Kaskie returns for his first year as a senior counselor but brings four years of Foley experience with him. This summer, Chris will be found shooting bull's eyes at the archery range. Chris may attend the University of St. Thomas or University of Dayton in the fall.

Pete Kowal is returning for his fourth year at Foley. He has taught many activities in the past, but next summer Pete will be found mainly at riflery, nature, and art. He will be living in Wahtassa. Pete is a senior at the University of Minnesota studying biology.

Melanie Pflug joins us for her second year at Foley. She returns to instruct in art and soccer and to assist with swimming. She will be living with the younger girls in Ishtakaba. Melanie is a sophomore at Creighton University in Omaha, NE studying to become a nurse.

Keli Schimelpfenig comes back for her second summer. She will be leading campers in creating beautiful masterpieces during art and also will be creating, producing, and directing Foley's all-camp plays. Keli is a junior at Moorhead State University studying mass communications.

Eric Torkkola joins us for his third summer at Foley as a counselor. He returns to run the rifle range, looking forward to having shooters progress in their skills. Eric joins us from the working force in retail, having attended Mayville State University.

KC Williams returns for her second summer at Foley teaching snorkeling and as one of our fearless nature leaders. KC is also excited to live and work in a cabin with our eleven to thirteen year-old girls. KC is a junior at Macalester College in St. Paul, MN studying biology.

Fun and Friendships Forever at Foley

...a special newsletter for the girls of Camp Foley.

Start Giggling

Bring out the smiles, bring on the friends and be one of the Foley girls of 1998! Don't be caught at home this summer when there is Foley. Be a friend and make sure your friends are registered for 1998! Pack your smiles and giggles and join us for an awesome girl's end.

Continue Giggling

Girls like to giggle and not sleep! Is this true or false? We think there is truth to it especially on some evenings in camp. Popcorn, fun games, chocolate, dancing, pop (or soda), late night talks, crazy hair creations, story telling, and wall-to-wall sleeping bags. Is this giggle time? You bet!

Camp can be silly!

New! Two screened tents pitched on the girls end will allow cabin groups to escape their cabins to a fun night in their sleeping bags of giggling and sleeping of course.

Older campers will be invited to the Wolf Girl's Sneak Out, of the cabins that is, not of camp. Special food, good music and friends will make it a night to remember! No more needs to be said. Only at camp is this possible. So join us.

Younger campers will be invited to the annual Coyote Girl's Super-Huge Slumber Party! How many friends has your mom let you invite over to spend the night? One, four, or ten? What would she say if over 60 kids appeared? Where else but camp can one be part of something so crazy. Silly games, fun music, and tasty treats are sure to keep you on your toes as you dance and play the night away! Some sleep required.

Keep giggling and help us to get all of our 1998 Foley girls registered!

Where In The World?

Where in the world are the rest of those 2nd annual Girls Cabin Chain Letters? If you don't know what this is all about, think back to October... did you receive a yellow letter from us or from one of your cabin mates? That's the chain letter! Way back in October we started a chain letter for each girl's cabin from the 1997 summer. Out of the 30 cabin chain letters that were sent, we have received 2 letters back. Congratulations to the girls of second session Tekawitha II and third session Ishtakaba!

Fun at softball.

What Foley Means To Me...

"Camp was always a very special place to me. I could never sleep the night before arriving at camp. I was one of those campers who truly appreciated the opportunity to come to camp each summer. As I grew and became an older camper, there was a different kind of excitement about arriving at camp. I was more excited to see my friends than to do any of the camp activities. The activities became a means by which my friends and I were able to enjoy each other's company." Andrea Anthony, 10 year camper and staff member

"During the past few years Camp Foley has come to mean more to me. I still come back for the friendships I've developed. And I still come back to sail race and waterski. And I still come back for the adventurous trips. But I come back for something else. I come back for an indescribable feeling of contentness and overall good. I see so many wonderful things happen at Camp Foley. I see a child who has poor social skills make a friend. I see the closeness of friends who have known each other for years, but only see each other at camp. I see the look of accomplishment on a child's face when they reach a goal they worked so hard to achieve. I see someone cheer up another when they are down. I see everyone being included. I see pure joy. I love what I see at Camp Foley." Lauren Hartzell, 10 year camper

Camp Foley's West Side

To all of our girl campers who want to know when their friends are coming back to camp! Here is the list of girl campers registered by February 23, 1998 by their **1997 Cabin Groups. New cabins will be assigned for 1998.** If you or your friends are missing, give them a call. Registration is well ahead of last year and sessions are beginning to fill rapidly with some closed out in certain age groups.

Foley is Friends!

"The Art of Friendship"

Friendship is the art of forgetting oneself totally, all selfish needs and wants, and getting to know the person and character of one another.

It's learning to accept a person not for what they are on the outside, but for what they reveal to you from the inside. It's strengthening oneself with the qualities found in a friend and the experiences shared with each other.

It's learning and growing to care for a person in such a way that you hurt when they hurt, and you are able to feel their joy when it comes to them.

Friendship means being there to give to one another without any thought of taking, being there to support another when they are weak, or giving them your smile when they have lost their own.

Friendship is the blending of two unique souls to form a complete spirit with a common bond of love and caring. The art of friendship, in its most basic form, is love that cares.

- Vicki McClelland Jeter

Friends Forever!

A friend is someone who is concerned with everything you do.
A friend is someone to call upon during good and bad times.
A friend is someone who understands whatever you do.
A friend is someone who tells you the truth about yourself.
A friend is someone who knows what you are going through at all times.
A friend is someone who does not compete with you.
A friend is someone who is genuinely happy for you when things go well.
A friend is someone who tries to cheer you up when things don't go well.
A friend is an extension of yourself without which you are not complete.
Thank you for being my friend.

- Susan Polis Schutz

Friends at Foley are special.

Camp Foley

Awesome Adventures Available during June 17-30 & July 1-14!

Moondance Ranch

Try to imagine...empty cabins, a quiet dining hall, empty picnic benches, no campers, no counselors...we're not talking about now, we're talking about this summer! What? No campers and it's summer? Where have all the campers gone? The answer...**Moondance Ranch and Wildlife Park!** For one day during the **June 17-June 30 and July 1-July 14 sessions**, all campers and counselors will be transported by bus to Moondance Ranch for a day of total fun and enjoyment! Enjoy riding down a giant water slide! Challenge your friends on the miniature golf course! Pet and/or observe mule deer, moose, timber wolves, bears, cougars, bobcats, peacocks, goats, and more in the animal park! Try your hand at fishing in the fish pond. Play on the playground equipment. Enjoy a picnic lunch on the grounds. It will be a new Foley adventure in the North woods!

The waterslide at Moondance Ranch.

Horseback Riding Clinic!

Camp Foley is a building block to the successful development of your child.

The following chart, provided by the Search Institute lists and describes the 40 developmental assets that young people need to grow up to become healthy adults. Young people who have many of these assets in their lives are much more likely to make positive choices, and much less likely to make negative ones. Foley is a place where they can develop more of these positive assets. See the next page for details on how camp meets many of these needs as well as how to get your own materials from the Search Institute.

SEARCH INSTITUTE'S 40 POSITIVE ASSETS

More Search Institute Information

The Search Institute, a nonprofit organization based in Minneapolis, MN that specializes in research on children and youth, conducted a nationwide survey of over 270,000 sixth to twelfth graders in 600 communities in 33 states. The purpose of the survey was simple – how to determine what is needed to help kids succeed. The results of the survey were interesting. It was discovered that the largest difference between troubled teens and those teens leading healthy and positive lives was the presence of developmental assets.

These building blocks for human development enable young people to grow up as healthy, caring, and responsible adults.

“The biggest plus of camp is that camps help young people discover and explore their talents, interests, and values. Most schools don’t satisfy all these needs. Kids who have had [camp] experiences end up being healthier and have less problems which concern us all” -Peter Scales, The Search Institute

These assets “increase in value over time. They provide a sense of security. They are resources upon which a child can draw again and again. And they’re cumulative, meaning that the more a young person has, the better.” *

difference between troubled teens and those teens leading healthy and positive lives was the presence of developmental assets.

Where does Foley come into play with these assets? The following chart is designed to assist in identifying the unique benefits to those who attend camp.
