THE CHAPEL

Our Lady of the Snows

THE CHAPEL

Our Lady of the Snows Chapel is a truly unique and intimate wedding option. The stone chapel was built in the 1930s and hasn't changed much since. The chapel was constructed with stone from the surrounding area, and handcrafted benches made of Cyprus wood line the aisle.

Our Lady of the Snows is the choice for brides who seek a historic, warm and romantic space to say, "I do." The chapel seats 120 guests comfortably.

OUTDOORS

Chapel Steps and Lakeside

OUTDOORS

Foley offers two outdoor settings. Brides wanting the history and beauty of Our Lady of the Snows have the option of saying their vows outside on the chapel steps. The bright red door and contrasting stone are a striking ceremony backdrop.

Another option is for the ceremony to take place on Foley Green overlooking Whitefish Lake. Brides who seek a lakeside paradise prefer this option. Guests face the lake, and the couple stands before them creating a picturesque, memorable scene.

RECEPTION

Foley Dining Hall

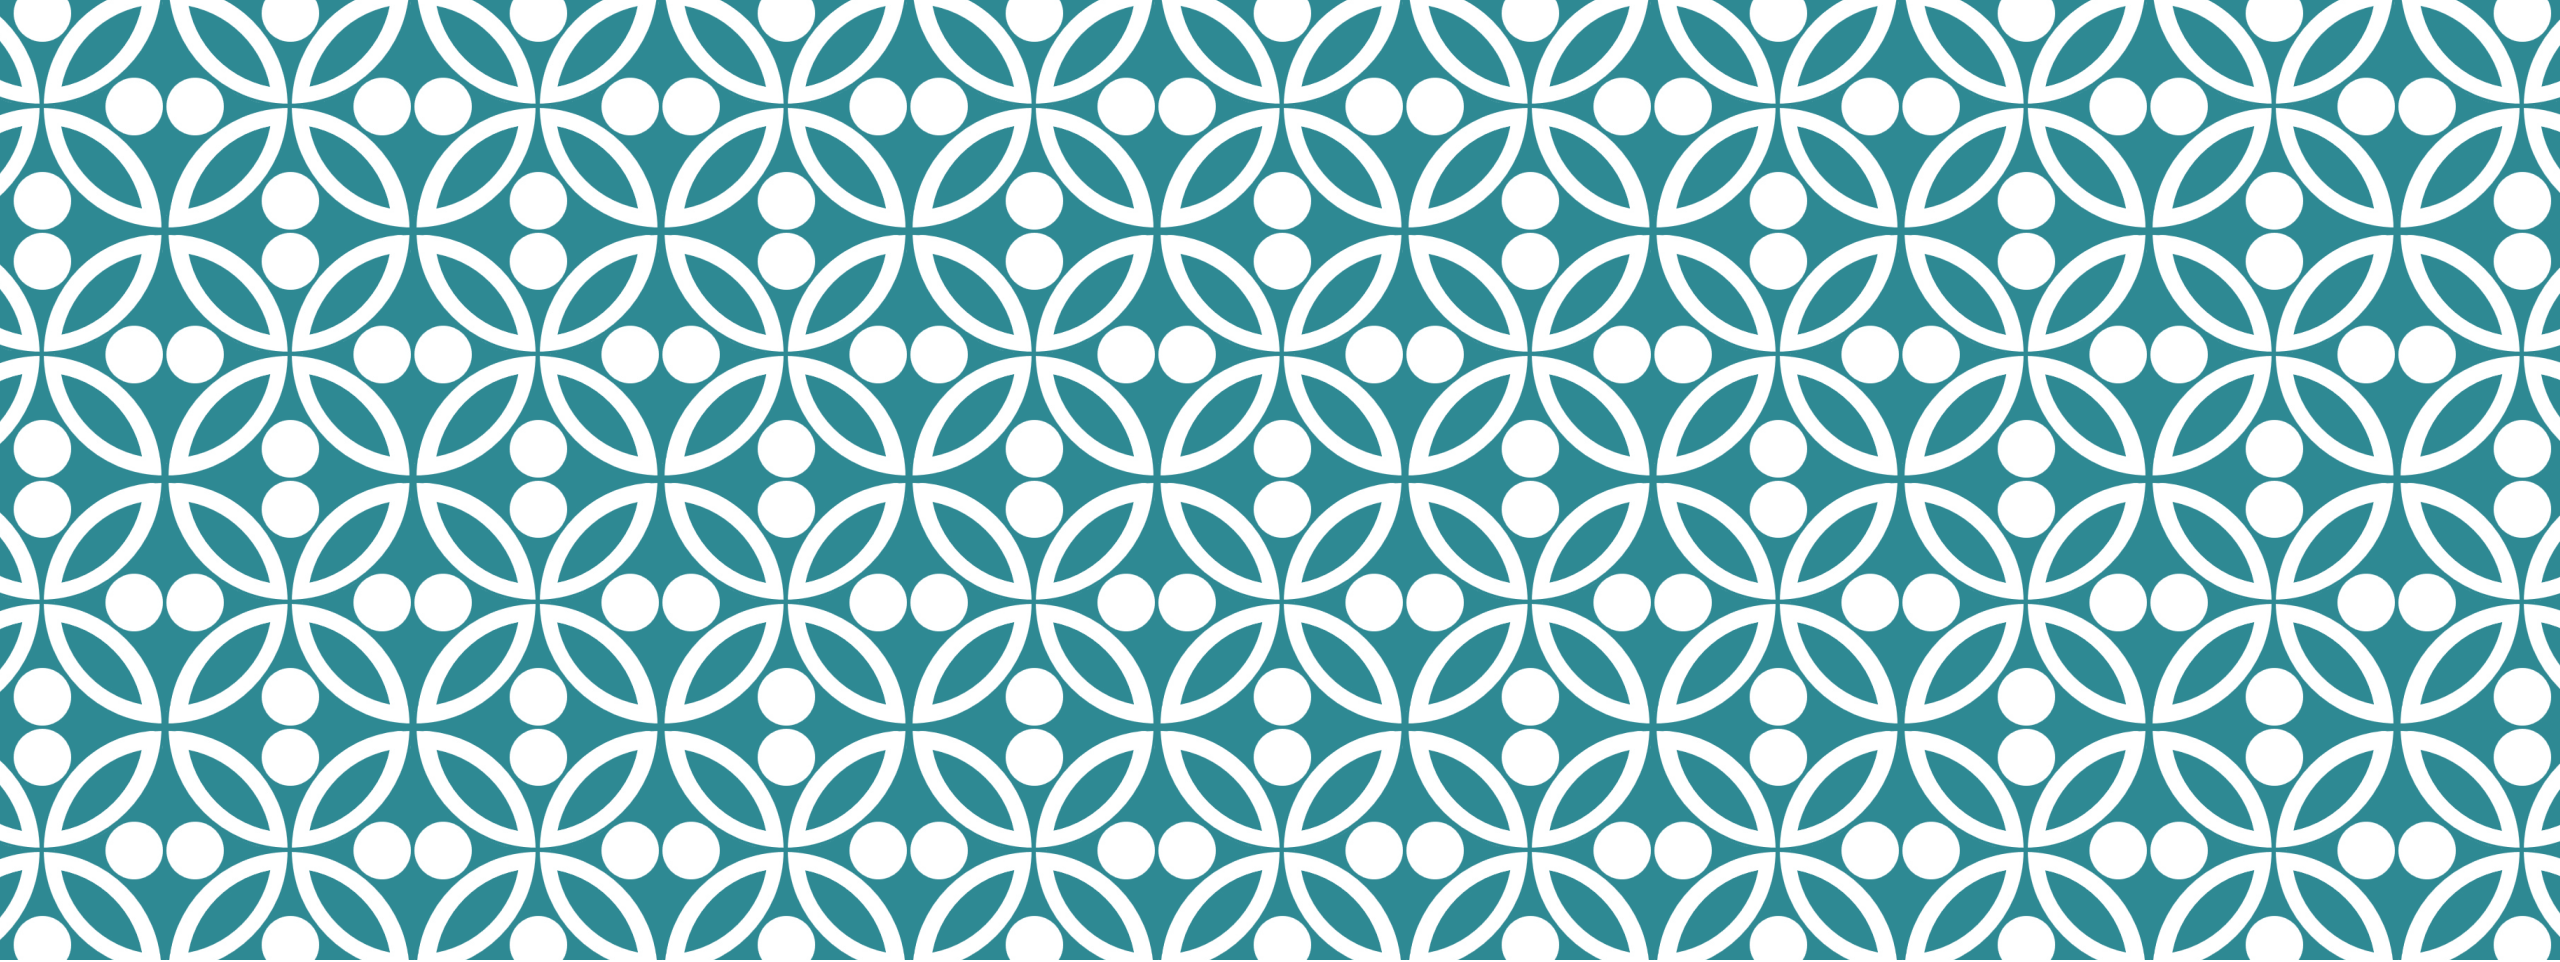

RECEPTION

Foley has a beautiful, log dining hall available for wedding receptions. The space is large and seats up to 250 guests. It's the perfect companion for a Minnesota lake country wedding. Large windows let in a lot of natural light as well as views of the lake and rustic surroundings.

A second reception area is available on Foley Green with the view of Whitefish Lake. Guests can enjoy the fresh air and starry night sky only the Minnesota Northwoods can offer. Tables and tents can be set up on Foley Green.

THANK YOU
